Subject:- Revised Operational Guidelines for the Scheme for Creation of Infrastructure for Agro Processing Clusters

1. Introduction:

1.1 The Ministry has formulated the Scheme for Creation of Infrastructure for Agro Processing Clusters as a sub-scheme of Central Sector Scheme - "PRADHAN MANTRI KISAN SAMPADA YOJANA (PMKSY)" coterminous with the 14th Finance Commission cycle.

1.2 The scheme aims at development of modern infrastructure to encourage entrepreneurs to set up food processing units based on cluster approach. The scheme is to be implemented in area of horticulture / agriculture production identified through a mapping exercise. These clusters will help in reducing the wastage of the surplus produce and add value to the horticultural / agricultural produce which will result in increase of income of the farmers and create employment at the local level.

1.3 There are certain capital intensive common facilities which are required to be created by food processing units irrespective of nature of their processing. These capital intensive facilities like cold storages, blast freezers, specialized packaging, IQF, warehousing etc. if developed as common facilities, will encourage entrepreneurs to set up more food processing units. The nature of operation of the food processing units also requires development of basic enabling infrastructure to take care of continuous process, water supply, effluent treatment and clean surrounding, etc. There is lack of such modern infrastructure in the country which is hampering the development of food processing sector. If this infrastructure is made available with the financial support from the government, there is a potential of developing food processing sector with much higher speed than it is today.

2. Objectives of the Scheme

The major objectives of the scheme are:

- i. To create modern infrastructure for food processing closer to production areas.
- ii. To provide integrated and complete preservation infrastructure facilities from the farm gate to the consumer.
- iii. To create effective backward and forward linkages by linking groups of producers / farmers to the processors and markets through well-equipped supply chain.

3. Salient Features of the Scheme

3.1. At least 5 food processing units with a minimum aggregate investment of Rs. 25 crore will be set up in the Agro-processing cluster. These units may be set up by the promoters and associates of Project Execution Agency (PEA) and by other entrepreneurs. The investment in these units will not be eligible under this scheme.

3.2. Food processing units will be set up simultaneous to the creation of core infrastructure in the cluster. The core infrastructure facilities being developed in the agro-cluster shall be as per the requirement of food processing units to be set up in the cluster or as per the available raw material for processing in the area.

3.3. Agro-processing clusters may be developed by:

- the promoter(s) willing to set up own units in the cluster and also allow utilization of common infrastructure to other units in the area;
- the promoter(s) willing to develop common infrastructure for use by the units to be set up in the food processing cluster by other entrepreneurs;
- the promoter(s) willing to develop common infrastructure in the existing food processing cluster

3.4. The extent of land required for establishing the agro-processing cluster would depend upon the business plan of Project Execution Agency (PEA), which may vary from project to project. At least **10 acres** of land for the project shall be arranged by the PEA either by purchase or on lease of at least **50 years**.

3.5. Preference will be given to:

- (i). setting up agro-processing clusters in agri-horti clusters identified from time to time by Central / State Governments and its entities such as Department of Agriculture, Co-operation and Farmers Welfare (DAC&FW) under Mission for Integrated Development of Horticulture (MIDH), APEDA etc. An indicative list of such clusters is at **Appendix - B**.
- (ii). setting up of export oriented agro-processing clusters aligned with the clusters identified by the Department of Commerce and mentioned in their Agri-export Policy 2018 document. An indicative list of such clusters is at **Appendix - C**.
- (iii). setting up agro-processing clusters by State Govt. and / or its entities on Public Private Partnership (PPP) mode.

3.6. It is expected that on an average, each project may have around 5-10 food processing units to be set up in each Agro-processing cluster with an employment generation potential, both direct and indirect of about 500 to 1500 persons. This employment generation will provide livelihood to about 6000 persons based on an average household size of 4 members. However, the actual configuration of the project may vary depending upon the business plan for each Agro –processing cluster.

3.7. The food processing industries that make food products fit for human and animal consumption (except alcoholic products) may be permitted to be set up in these clusters. Preference will be given to projects proposing preservation and/or processing of perishable food products. Packaging facilities of food products as ancillary to the food processing industries (proposed to be setup in the cluster) may also be allotted land in the agro cluster.

4. Components of the Scheme:

4.1. The scheme will have following components:

- (i) **Basic enabling infrastructure:** It will include site development including development of industrial plots, boundary wall, roads, drainage, water supply, electricity supply including power backup, effluent treatment plant, parking bay, weigh bridges, common office space etc. However, the cost of basic enabling infrastructure not exceeding 40 percent of the eligible project cost would

be eligible for grant purpose. The cost of any basic enabling infrastructure outside the boundary wall of the agro cluster will not be eligible for grant assistance.

(ii) **Core infrastructure:** The common facilities will be based on the needs of the units which will be set up in these clusters. The common facilities of capital intensive nature may include food testing laboratory, cleaning, grading, sorting and packing facilities, steam generation boilers, dry warehouse, cold storage, pre-cooling chambers, ripening chambers, IQF, specialized packaging, other common processing facilities, etc.

The above mentioned facilities are only illustrative and the exact nature of facilities may vary from project to project based on requirements of the units in the cluster and availability of agriculture / horticulture produce in the catchment area of the project.

4.2. Any modification in the common facilities / core infrastructure after approval of the proposal will not be approved by the IMAC, unless request for modifications submitted with a compelling rationale and endorsed by the lending institutions.

5. Pattern of Assistance

5.1 The Scheme envisages grants-in-aid @ 35% of eligible project cost in general areas and @50% of eligible project cost in the North East States including Sikkim and difficult areas namely Himalayan States (i.e. Himachal Pradesh, Jammu & Kashmir and Uttarakhand), State notified ITDP areas & Islands of Union Territories of Lakshadweep and Andaman & Nicobar Islands subject to max. of Rs. 10.00 crore per project. The grants-in-aid will be credit linked but not back-ended. The eligible project cost will exclude cost of land, pre-operative expenses and margin money for working capital from the total project cost.

5.2 SC **or/and** ST promoter(s), as the case may be, shall hold 100% stake in the Project Execution Agency (PEA). Such Project Execution Agency (PEA) will be treated at par with the difficult areas for the purpose of extending benefits under the scheme. For any change in the constitution / composition of such Project Execution Agencies (PEAs), prior permission of Ministry shall be required.

5.3 The registered value of the land would be taken as part of the total project cost. The Govt grant shall not be used for procurement/purchase of land. In case of land acquired by PEA on lease, such cost may not be part of project cost and may be considered part of operating cost.

5.4 The cost norms notified by MIDH/ NHB/ MoFPI, wherever available, will be applied while calculating the eligible project cost and grants-in-aid for the proposals received under the scheme.

6. Project Execution Agency (PEA):

6.1 Govt. Departments / PSUs / Joint Ventures / NGOs / Cooperatives / Self Help Groups (SHGs) / Farmer Producer Organizations (FPOs) / Private Sector Companies / Partnership Firms / Proprietorship Firms etc. can be Project Execution Agency (PEA) who will be eligible for financial assistance under the scheme.

6.2 Govt. of India has decided to earmark funds for extending benefit of the scheme to SC & ST. Therefore, subject to meeting the basic eligibility criteria, SC / ST beneficiaries will be given preference in sanction of the projects under the scheme to the extent of earmarked fund allocation for each category.

6.3 The Project Execution Agency (PEA) would be responsible for the following:

- i. To formulate the Detailed Project Report (DPR) and execute the project in a transparent, efficient and timely manner.
- ii. To arrange land only lease / purchase and ensure external infrastructure linkages for the project.

- iv. To achieve financial closure and ensure timely completion of the project in specified timelines.
- v. To own and maintain the enabling infrastructure and common facilities.
- vi. To receive grant-in-aid under the Scheme, and to ensure its utilization in a transparent and judicious manner.
- vii. To maintain proper accounts of the project implementation and the maintenance of infrastructure and common facilities after commissioning of the project.
- viii. Upload monthly progress report with pictures / photographs of site.
- ix. Publish the user charges/hiring rates for common facilities and lease rental rates / sale price for plots in agro-processing cluster on their websites and also on a board at the gate of the agro cluster for wider information of the prospective investors. Rate of plots in the Agro Processing Cluster will also be made available to Ministry of Food Processing Industries (MoFPI) and State Government concerned for uploading on their websites.
- x. PEA may sell / lease plots in agro-processing cluster to other food processing units. But the common facilities in the cluster cannot be sold or leased out. They can only be offered to units on rental basis.

7. Eligibility criteria for PEA:

7.1 The combined net worth of the PEA should not be less than 1.5 times of the grant amount sought.

7.2 PEA needs to bring in at least 20% of the total project cost as equity / contribution in general areas and at least 10% of the total project cost in the North East States (including Sikkim) and difficult areas namely Himalayan States (i.e. Himachal Pradesh, Jammu & Kashmir and Uttarakhand), State notified ITDP areas & Islands.

The net worth will be calculated as follows: -

(I). In respect of Pvt. Ltd./ Public Ltd. Companies:

(a). The net worth will be ascertained based on the paid-up share capital of the company and reserves created out of profits.

(b). Revaluation reserves only in respect of land & building may be considered for ascertaining the net worth, which will be based on circle rates duly supported by circle rate notification and land ownership documents. Such revaluation reserves shall also be reflected in forward going balance sheet of the company.

(c). Share application money would be considered towards calculation of net worth provided the same has been converted into Paid up Capital within stipulated time as per Companies Act but, in any case, it should be converted into paid up capital before submission of the proposal to the Ministry.

(d). A latest provisional balance sheet duly certified by the Statutory Auditor of the Company needs to be submitted for ascertaining the net worth.

(e). In case of Pvt. Ltd./ Public Ltd. Companies where a significant portion of its net worth stands invested in equity shares of unlisted companies or is shown as loans & advances to various parties with nil or negligible income/revenue, then following additional documents would be required to be submitted by the applicant to ascertain the net worth:-

- i. Details of Investments made in unlisted companies by the applicant company,
- ii. Audited Financial Statements (AFS) for the previous year or latest provisional Balance Sheet of the companies wherein the investment has been made,
- iii. Details of loans & advances along with reasons/justification for the same,

- iv. In case it is observed that the equity contribution made by the promoter company has been utilised by the investee company in creating tangible assets/ Capital work in progress in projects which are under execution then such investments in shares would be considered at face value.
- v. However, in case it is observed that the investment by the promoter company is further being reinvested by the investee company in equity shares of unlisted companies or given away as long term/short term advance to individuals/related party/other companies and the investor company has nil/negligible income/ revenue, then no additional clarification shall be asked for and the net worth of such promoter company shall be considered after deducting such investments/loans & advances

(f). In case of newly formed companies (Limited / Pvt. Ltd.), Net-worth of individual promoter(s)/director(s)/ shareholders(s) will be considered to assess the combined net-worth of PEA.

(II). In respect of Proprietorship/ Partnership firms / NGOs / Cooperatives/ SHGs / LLPs etc.

The net worth of all entities other than companies will be ascertained on the basis of latest balance sheet of individual proprietor/partner(s) i.e. assets minus all liabilities, duly certified by the Chartered Accountant (CA). Assets include cash, current value of investments, land and building (supported by valuation report at circle rate, circle rate notification and land ownership documents), Bonds, cash value of life insurance, current total balance of savings, current or fixed deposit accounts. The following methodology shall be adopted for determining the net worth:

- a. Net-worth would be sum of the net-worth of the Individual partners and the partnership firm (avoiding duplication of the investment in the partner's capital account of the firm) & the investments of each individual partner towards the partnership firm.
- b. If the applicant is ongoing partnership/proprietorship firm and the applicant has submitted audited balance sheet of such partnership/proprietorship firm, net worth based on the audited balance sheet will be taken into consideration. However, if the net worth as per balance sheet is insufficient then the CA certified statement of Assets and Liabilities of the individual Partners/Proprietors will be taken into consideration provided assets are supported by relevant documents as per the guidelines.
- c. However, since in a partnership/proprietorship firm, liability of partners/proprietors is unlimited, therefore the applicant should submit CA certified "Nil Liability Statement" or Statement of "Assets and Liabilities" of the individual partners/proprietors and the net liabilities based on these statements will be deducted while ascertaining the net worth.

(III). The aforesaid net worth components need to be supported by relevant documents

(IV). Shares of unlisted companies will be considered at face value for net worth and shares of listed companies will be considered based on the average market price of the share for a period of 6 months prior to date of submission of proposal.

(V). Assets such as car, jewellery, antiques, gold etc. would not be considered for net worth.

(VI). Loans and advances given to group companies/related concerns/individuals will also not be considered towards computation of net worth.

(VII). In the case of proposed shareholders, if there is cross holding of the net-worth amongst the Members (e.g. both a company as well as the shareholders that company are the proposed shareholders), the net-worth of the company would be considered in full, however, net-worth of the individual would be considered only to the tune after discounting its shareholding in the company which is a proposed shareholder.

(VIII). The applicant(s) will have to give a self-certification regarding the details of the encumbrance of the property submitted by them towards the net worth.
