<b>Name of the Scheme</b>	Technology up-gradation fund scheme for handloom
---------------------------	--

	sector
<b>Description of the Scheme</b>	<p>Objectives are as follows:</p> <ul style="list-style-type: none"> <li>• Encourage beneficiaries to set up all the facilities at one place, which would ease inter-linking of all the production activities.</li> <li>• Establish production base with up-graded technology in pre-loom/on-loom/postloom/quality control, etc., as the case may be, under one roof, thus, strengthening capacity to undertake bulk production for domestic and export markets, with improved productivity &amp; quality.</li> <li>• Reduce production cycle time, thus ensuring delivery of goods in time.</li> <li>• Achieve product and quality standards and ensure price and quality competitiveness in the domestic and export market</li> </ul>
<b>Target group</b> (Individual, Enterprises-SHG, Cooperatives, Companies, etc)	
<b>Sector of the Scheme</b>	
<b>National industry classification code</b>	
<b>Eligibility Criteria</b>	
<b>Nature &amp; Mode of Assistance</b>	<p>i) 5% interest reimbursement of normal interest charged by lending agency on Rupee Term Loan (RTL); ii) 25% capital subsidy on basic value of new machineries and equipments;</p> <p>Following investments are also eligible to handloom units to the extent necessary for plant and equipment to be installed for Technology Up-gradation and total of such investments will not normally exceed 50% of the total investment in such plant and machinery:</p> <p>i) Land and factory building including renovation of factory building and electrical installations; ii) Preliminary and pre-operative expenses; iii) Margin money required for working capital, specifically required for technology up-gradation;</p> <p>Investments in installation of following facilities, including necessary equipments will be eligible only upto 25% of basic cost of machinery:</p>

	<ol style="list-style-type: none"> <li>1. Energy saving devices;</li> <li>2. Effluent Treatment Plant (ETP);</li> <li>3. Water treatment plant for captive industrial use;</li> <li>4. In-house R &amp; D including design studio;</li> <li>5. Information technology including Enterprise Resource Planning (ERP);</li> <li>6. Total Quality Management (TQM) including adoption of appropriate ISO/BIS standards. (Lab versions of machinery approved for commercial production purposes under TUFS are eligible).</li> <li>7. Captive power plant (including non-conventional sources) of units availing of TUFS loan</li> <li>8. Husk Fired Boiler accompanying textile modernisation/expansion.</li> </ol>
